

TIG Welding Torch SR 17 / SR 17 FX air cooled

BINZEL. The right welding torch for every job!

BINZEL air cooled welding torches have the high quality and technology needed for trouble-free performance whatever the welding job.

All BINZEL torches are constructed to the highest standards and offer the greatest working comfort. This brochure defines in detail all the possible options for the above TIG torch types.

Technical Data (EN 50 078):

SR 17 / SR 17 FX

Rating: 140 A DC
125 A AC

Tungsten electrode: \varnothing 0,5 - 2,4 mm

As each torch type has very many variations, we cannot list them all here. Therefore, we indicate only one standard for each type of torch.

Type	Handle version	4,00 m long Part no.	8,00 m long Part no.
SR 17	with single connection, single action switch and 3-pole Tichel connector	705.0145*	705.0146*
SR 17 FX	with single connection, single action switch and 3-pole Tichel connector	703.0142*	703.0026*

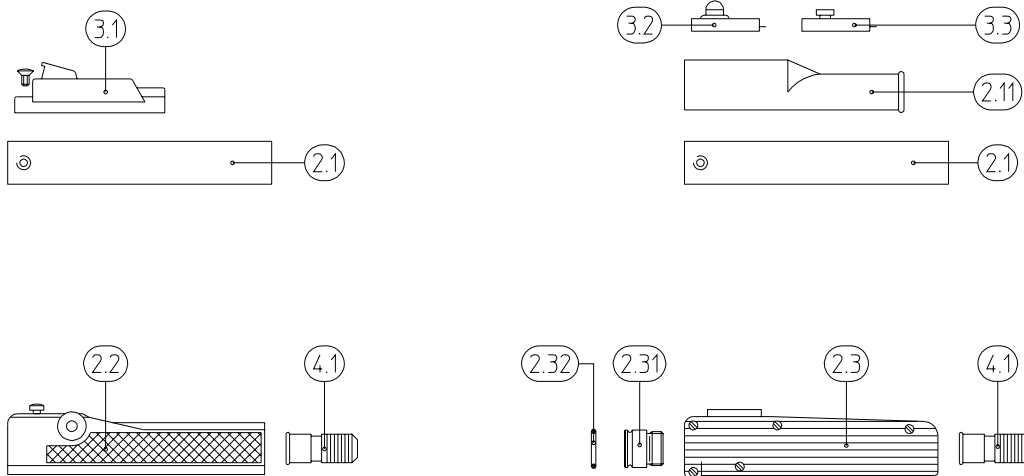

* This part number is a sample, only, which refers to the mentioned „Standard version“. To other torch variations new order numbers will be given. See order confirmation.
